

Hand in Hand

Enjoying faith
as a family

The second Objective of Mothers' Union is "to encourage parents in their role to develop the faith of their children". This can be a challenge whatever the age of your children. MU has produced a booklet called ***Hand in Hand*** which offers ideas to develop faith in families.

Have a look at the copies on the table, read the Ideas Sheets which are also downloadable from the website, and try out one or two creative prayer ideas, that you could share with your child(ren) later.

Downloadable sheets and more information at

www.mothersunion.org/content/hand-hand-resources

Finish by filling in a response card, pinning it to the washing line,
and taking a prayer card.
