

Being a Member

Mothers' Union has over 4 million members worldwide, but membership takes many forms and the criteria for joining vary from one country to the next. In the UK, members must promise to uphold the Aim and Objectives of the Society and must be baptised in the name of the Holy Trinity. Some join a branch which meets regularly, but some do not have the time or the inclination to join a branch, or there may not be one in their local area.

Read about some of the different ways that members have found to meet up and keep in touch. Then think about, and discuss, what works for you, and if you want to, plan an event that might attract other members and non-members, and create an invitation.

Finish by filling in a response card, pinning it to the washing line, and taking a prayer card.
